## Society Versus Room

For a very small consideration additional, I am prepared to exchange the society of the following articles for the room they occupy.

It would cost a lot of money to build a storehouse to keep these goods over to next season, and I will divide the cost of such a building among my customers by cutting prices to the sole.

I have several Mowing-machines, Rakes and Tedders that can be bought

so cheap it would pay you to get them now for next season. A lot of Farm Macainery not named above at same price ratio. Come and see for yourself.

\* This Bone Cutter and Engine would be a money-maker for someone this winter.

# Great Wall Paper

Having leased the building in the rear of Perry & Camp's store for a term of years and thoroughly repaired the same, we now have one of the largest and most convenient Wall Paper stores outside the large cities, and as an inducement for you to call on us we are going to offer you prices on Wall Paper that will be an incentive to buy NOW for future use, in fact, we shall offer you any pattern in our store at less than manufacturers' prices, as we have got to have the room for our new line, which has already begun to arrive. Remember that our goods are new and up to date, nearly every pattern direct from the manuacturers for this year's trade. Over 400 patterns to select from. Don't forget the place!
